To Whom It May Concern:

As the Clinical Director at Northern Children's Services (NCS), I worked with Kevin Hull from July 17, 2017 through September 27, 2019. Mr. Hull was an asset to our agency in his role as Clinical Coordinator.

As the Clinical Coordinator, Mr. Hull was responsible for fielding all referrals for the agency, including conducting initial behavioral health screenings, conducting initial assessments, and scheduling evaluations for psychologists. Mr. Hull also provided individual and group therapy for children and adolescents, approved clinical notes, and provided training for other clinicians on clinical documentation, including progress notes, treatment plans, and assessments. Mr. Hull was also responsible for treatment planning, writing progress notes, and discharge planning for a wide range of clients. Additionally, Mr. Hull oversaw the Early Intervention Program and led groups within that curriculum.

Throughout his work at NCS, Mr. Hull demonstrated strengths in his time management, efficiency, clinical skills, and attitude. Mr. Hull is reliable, consistent, and always willing to go "above and beyond." Mr. Hull is open and receptive to feedback and is able to engage in self-reflection and therapeutic growth. Mr. Hull integrated well into the interdisciplinary team approach. He collaborated well with supervisors, other clinicians, case managers, and psychiatrists.

Mr. Hull effectively works independently and has developed keen written and oral communication skills. Mr. Hull is an excellent leader and also works well as a team member under the direction of others. Mr. Hull welcomes feedback and demonstrates appropriate clinical judgment. Based on my experience working with him, I highly recommend Mr. Hull as an employee at your agency as I truly believe he will be an asset to your company.
