

Reference for Kevin Hull

I am writing this reference for Kevin Hull, who I understand is applying for a mental health position in your agency. I have known Kevin for all four years of his BSW experience here at Western New England University. I am the Chair of the Social Work Department and as Professor, had Kevin in four of my classes. I have also maintained contact with him, as he completes his MSW degree at Westfield State University.

Kevin is a serious student. In his four years here at Western New England, he had an almost 4.0 GPA in his social work courses. In addition, he completed four different internships, working as a school-based clinician with children, a family support worker with DCF involved families, fundraising for an LGBTQ event, group work with grieving children, and mentoring children in an after school program. Since his graduation here, Kevin has taken a keen interest in specializing in mental health concerns. He has a maturity beyond his years and is able to enter many different types of professional relationships with clients and colleagues in a collaborative, successful manner.

I can highly recommend Kevin for a beginning mental health clinician position. It is important to have young, competent men in our field and Kevin certainly meets these characteristics.

If I can be of further assistance, please contact me at 413-782-1757 or at jschrenz@wne.edu.

Sincerely,

Jeff Schrenzel, Ph.D., LICSW
Chair, Department of Social Work
